PRESIDENT'S MESSAGE

JOHN ALBRITTON
PRESIDENT
671.1991

We are constantly hearing about young people not prepared for work after high school. Our program this month will provide insight into how the school system addresses this concern with the Caddo Career & Technology Center (CCTC). We are fortunate to have Mrs. Bonnie Martinez, Principal, as our speaker this month to provide the spotlight to this successful program.

The Caddo Career & Technology graduates are ready to enter into the world of work with skills from architectural drafting to welding. When they complete their program of study, they have hands-on craft experience and the understanding of what it takes to be successful in the "working world." In a recent state competition, our students from CCTC brought home 59 medals in the various categories.

As business owners/managers, we need an understanding of the resources available in our area for new employees. Mrs. Martinez will provide us with this little known resource, Caddo Career and Technology Center.

We welcome new member, **Raising Canes**. Canes, located at 8998 Mansfield Road, held its *Ribbon Cutting Grand Opening* this month.

Thanks again for all your support of the Southern Hills Business Association.
